To Whom It May Concern:

I have worked in the Health and Physical Education field for nineteen years at Owen J. Roberts and now as an assistant principal. I would like to recommend Justin Hehn for a teaching position in your district. I have observed Justin for the past 6 months as his supervisor. He can work independently or as a team and is able to follow through to ensure the job gets done. During his time at Owen J. Roberts High School he has taught many different classes and has strived in all areas of Physical Education. Whether it has been in fitness, health, physical education, or coaching he has expected excellence not only from himself, but his students as well. Justin has brought many new teaching ideas into the classroom that we can all learn from. He does an outstanding job teaching all different types of learners. I have witnessed him taking extra time to help struggling students with different concepts. Justin has done an excellent job being our freshman baseball coach as well. Justin does an outstanding job organizing practices and making it a great experience for the student-athletes. Some of his strong points include time management and organization skills. Justin is a strong leader and a good role model for the students; he sets high expectations and rewards his students and athletes accomplishments.. I believe Justin will be successful in whatever path he chooses to follow. Justin is always offering assistance and has an excellent relationship with his students, co-workers, and supervisors. He is appreciative of the people around him and would be an asset to any school district and I recommend him for any endeavor he chooses to pursue.

Sincerely,

Eric Wentzel
Owen J Roberts High School
Assistant Principal
